# Smart Energy Experience with Sigenergy

# Everything within touches

## Intelligent Energy Management

**mySigen App** is a revolutionary energy app that utilizes AI technology, specifically the GPT-4 natural language processing model, to enhance its services. Designed to give you full visibility and control, mySigen App provides real-time energy monitoring, enriched data graphs, and an array of advanced features. Stay informed and get the most out of our energy solutions at all times.

### Installer Friendly

Fast commissioning in 5 mins with mySigen App installer portal

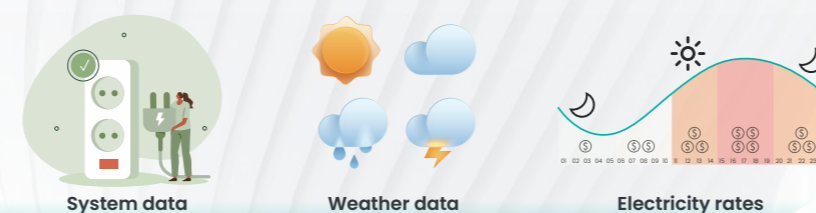

### Homeowner Friendly

Easy system management with mySigen App homeowner portal

## AI mode, maximize savings

Tailored smart power solution for maximum savings

### Customize my energy

By tapping into system, weather, and dynamic tariff data, AI mode can customize smart electricity solutions to optimize savings for customers.

## GPT-4 integrated assistant

Smart interactions on all things system & energy related

Support global languages

After-sales engineer 24/7 fast support

Home energy analyst Useful insights

System manager Full device control
